

The Audit Commission have completed the audit of our 2008/09 Performance Report and have identified one issue that requires correction regarding how we were calculating days lost to sickness.

We recognise the need to put things right and have published this addendum detailing the corrected figure and why it has been amended.

LP ref	Description	Change from	Change to	Reason for change	Date of change
12ii	Number of working days/shifts lost to sickness per all staff	8.82	8.79	We were incorrectly including days lost on Bank Holidays.	September 2009
